

Combined Sea and Rail Services

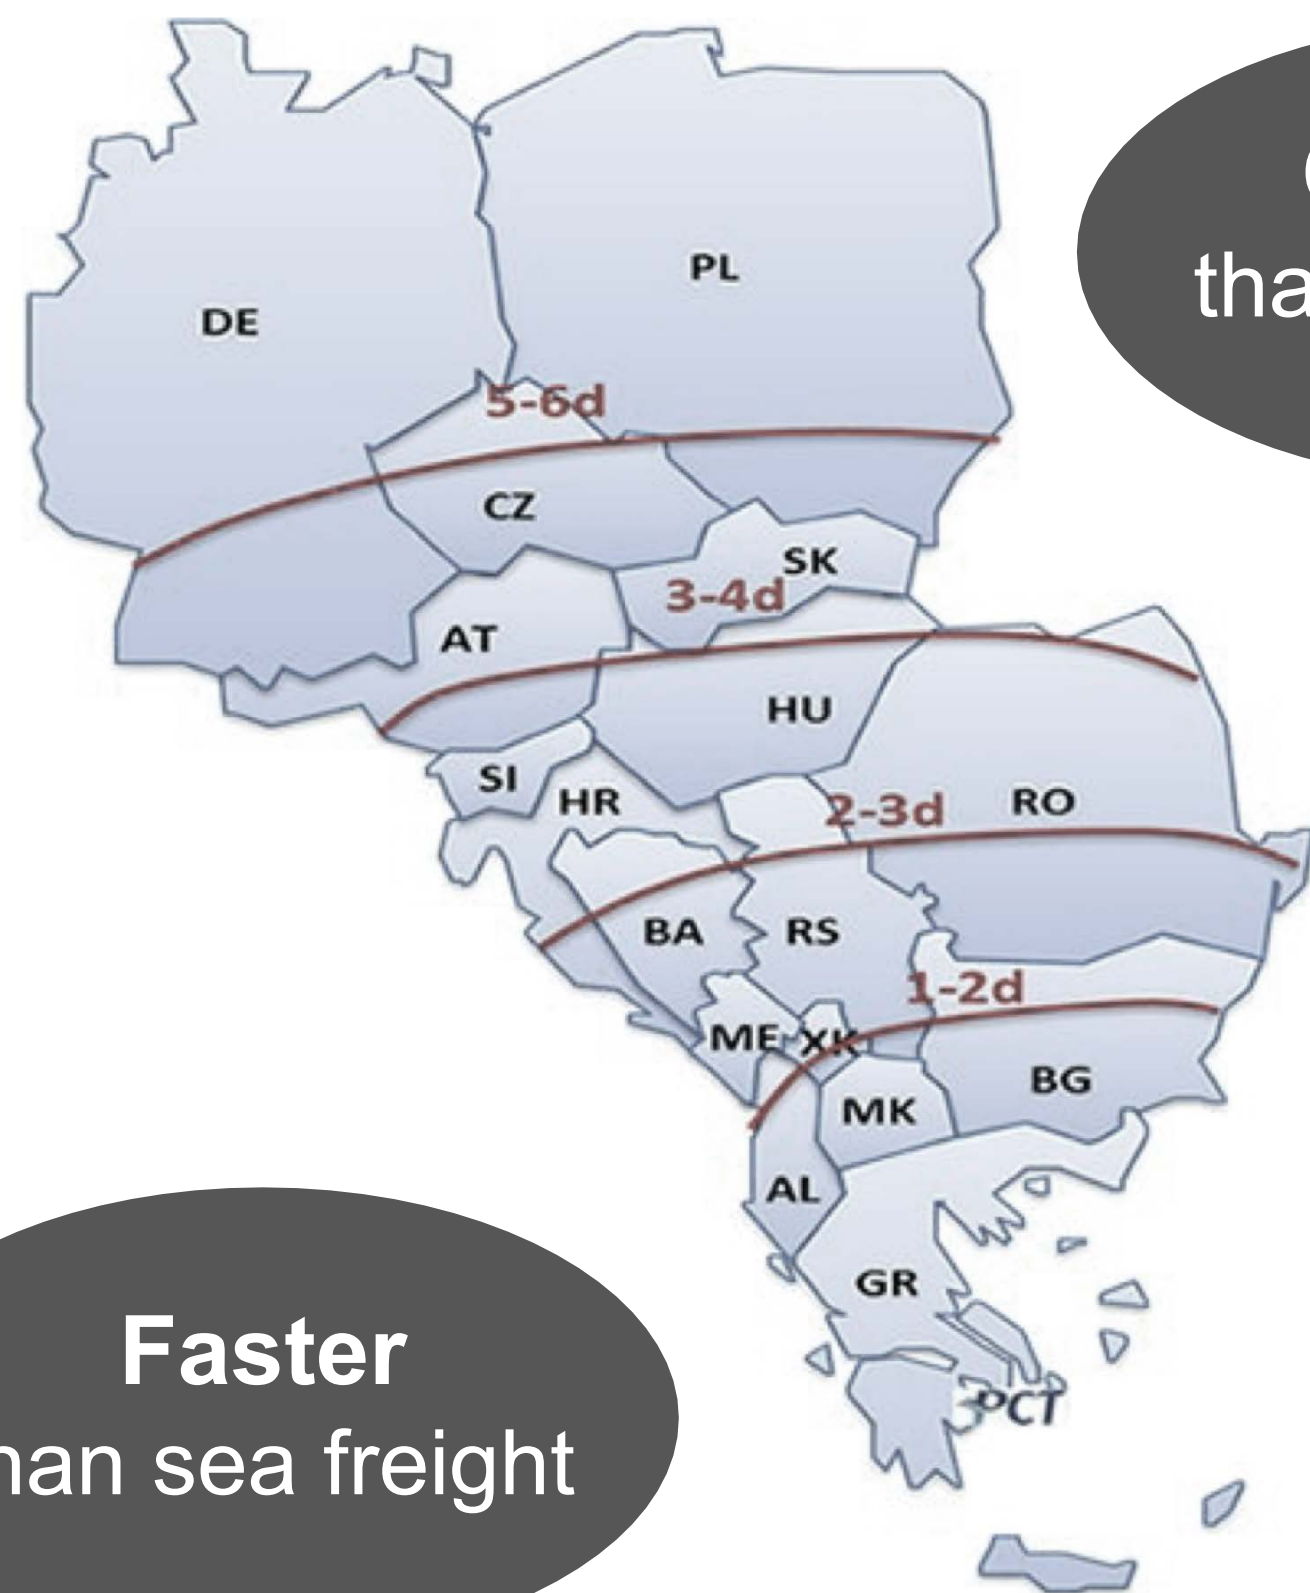

Optimizing Services for Central Europe
inland destinations

T/T comparison: from Far East to PIR/HAM

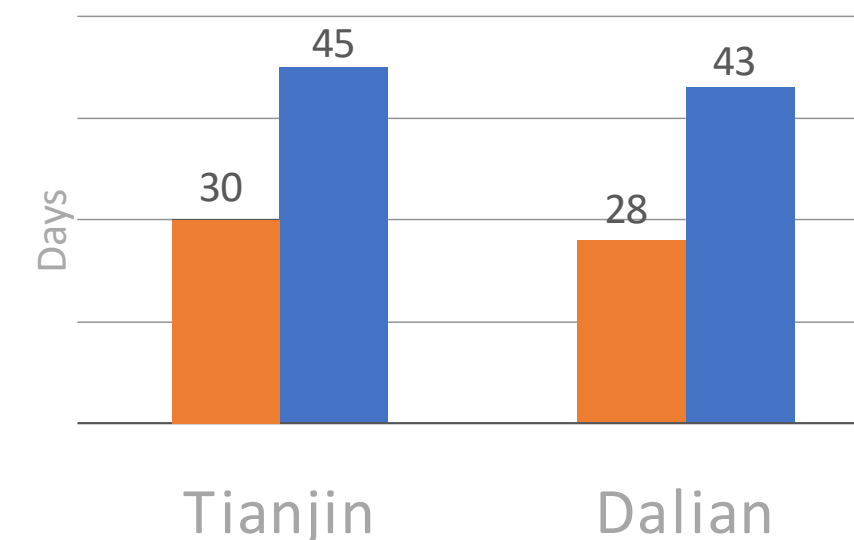

Delivery advantage of short-range services in Central Europe

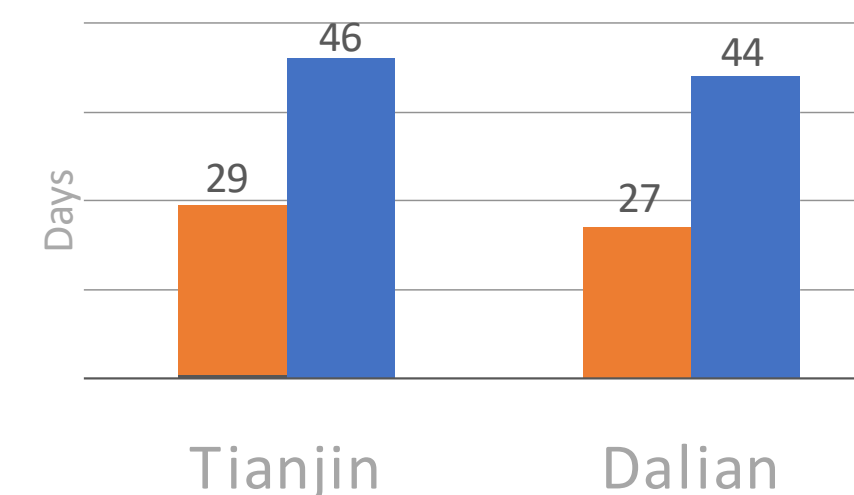

Cheaper than rail freight

Faster than sea freight

DEDICATED BLOCK TRAIN SERVICE

Marinair is providing dedicated BLOCK TRAIN service from Piraeus Port to Central Europe & The Balkans, customized on clients needs.

Add-On Services provided by Marinair:

- E2E monitoring through Control Tower scheme
- Customs Brokerage Services
- Warehousing (Picking, Storing, Nationalization, Calibration, Configuration, etc.)
- Last Mile trucking from Rail CY up to Door

WEEKLY LINER TRAINS

Weekly Liner trains depart from Piraeus Container Terminal, (Container Yard) in Neo Ikonio, Perama, to the respective city's Intermodal Terminal (for efficient and safe interchange between road and rail transport).

Each liner train is shunted to serve, up to 76 TEUs (20 ft), to the most remote destinations in Central & South Eastern Europe at a competitive cost, with great lead times.

Destinations up to 200km from the rail terminal can be served by road transport.
